• Weight	550g

## Packaging information

Speaker SBC BC8210  
AC/DC adapter 9V/500 mA  
Rechargeable batteries  
Instructions For Use  
(12 languages)

## Inner carton

- Type = Carton box
- Size = 382 x 156 x 294 mm
- Qty = 3 pieces
- EAN = 87 10101 96950 3

## Product packaging

- Type = giftbox
- Size = 264 x 140 x 120 mm
- Material = 450 gsm ccnb
- I2NC = 9097 210 03322
- EAN = 87 10101 61658 2

## Outer carton

- Type = Carton box
- Size = 650 x 400 x 315 mm
- Qty = 12 pieces
- EAN = 87 10101 96951 0
- Weight = 18.3 kg

## Compact, portable and cordless; gives you music anywhere around the house!

Carry the completely cordless and compact SBC BC8210 speaker anywhere around the house or garden and enjoy super sound quality, even up to 100 meters away from the music source. That's because, thanks to innovative 864 MHz RF technology, the signal goes through walls and doors and is not affected by other RF-operated appliances. You can also add more of these speakers to the system to give you music wherever you go!

## Completely cordless speaker that works on 864 MHz RF technology

for high-quality, interference-free sounds anywhere in and around the house

## Rechargeable system

gives up to 12 hours of music on NiCd batteries for cost-effective operation

## Operating range up to 100 meters

giving you excellent sound quality anywhere around the house or garden

## Auto Power off

automatically switches off the speaker when the sound source is turned off

## Dynamic Bass Boost

for enhancing deep, rich sounds

## Bass Reflex system

ensures excellent sound quality, especially in the bass region
